

THE WHITLEY LAW FIRM

A Professional Corporation

## *Firm Mission Statement*

*We believe the issues surrounding [family law](#) and [divorce](#) to be the most potentially devastating events a person can encounter in their lifetime.*

*We believe you should not have insult added to injury by having your time, money and energy drained from you by ineffective representation. We vow to move your case forward as quickly and efficiently as possible.*

*We believe every client should have a voice and be an active participant in their own litigation.*

*We believe in zealously advocating for our clients and are not afraid to aggressively forward a client's interests in court.*

*We are here to solve problems, not create them.*

*We believe that children are not **owned** by their parents as something to fight over, but are **owed** love, protection and care. We will not condone or participate in behavior that is harmful to the well-being of children.*

*We will not tolerate revengeful or spiteful tactics from either the opposing party or their counsel. If such things occur, our response will be swift and severe.*

*We believe that children should be protected from the chaos of adult problems and decisions as much as possible and we will not include them in the legal process.*

*We believe that families come in all shapes and sizes and we are active in the support of our brothers and sisters in the LGBT community.*

*We believe in remembering that we are counselors at law, and we are committed to helping you get through to a safe and secure "new normal" through the use of financial planners, mental health professionals and more.*
